

A DAY WITH M25

DELIVERY TIME

Delivery time will be reconfirmed before the teams leave the premises.

DONE

The teams will then secure the load, lock the vans and be on their way.

ARRIVAL

Moves usually start at 4pm sharp. We will always be there 30 minutes before the start of the move.

SUPERVISOR

Regardless of the move size, you will always have a qualified moving supervisor on site.

LOADING CONFIRMATION

The event/floor manager will then be required to confirm and sign the loading confirmation.

UNIFORM

All of our team are uniformed - if no uniform, he is not one of ours.

WALK THROUGH

Once finished loading, the team leader will perform a walk through together with your event/floor manager to ensure that everything is as it should be.

HELP POLICY

Although offers of help are appreciated, they are actually not helpful. Our teams are built as self-sufficient units and do not require any kind of help. Help will only delay them and interfere with their methods.

LOADING

Our teams will wrap all goods on site or inside our van to make sure that nothing will get damaged while in transit.

PARKING

We will make our utmost efforts to organise parking, but occasionally may request your help to find an appropriate spot.

UNLOADING

ONCE ARRIVED

The teams will start unloading. Again, please note that our teams do not require any help.

WALK THROUGH

Once done, the team leader will perform a walk through together with the manager on site to make sure all is where it should be.

DELIVERY CONFIRMATION

The event/floor manager will then be required to confirm and sign the delivery confirmation.
